

2026

ONTARIO ECOLOGY ETHOLOGY & EVOLUTION COLLOQUIUM

April 30-May 2 2026

Brock University,
St. Catharines ON

Since 1974

By students, for students

AS A SUPPORTER OF OE3C:

Independent from the host institution, OE3C relies on external funding for continued success. Your generous donation or sponsorship will allow for dozens of students, from Ontario and beyond, to attend and participate in one of the only student-run natural science conferences in the province.

Funds collected will contribute to the overall operating costs of the event and if possible be disbursed to attendees to cover the costs associated with attending the conference.

Our sponsor package offers options for all levels of contributions and custom sponsor packages can be discussed. Please contact our fundraising lead Alex Wilder with any questions.

OUR IMPACT

52 years

of student connections

+100 attendees

annual average

>80

Presentations

given by students
annually

\$5600

in student awards
given last year
