

University Risk Management offers insurance coverage to third-party individuals and/or groups who use Brock University facilities for **non-University sanctioned events**. The primary objective of the Facility Rental Use Insurance Policy is to provide liability protection for individuals and groups that **have inadequate or no existing insurance coverage**. **This coverage also applies to Brock-sanctioned events where vendors are present and have inadequate or no existing insurance coverage.**

A liability rate chart has been established and will be used to determine applicable rates. Any events that fall outside of the rating matrix will be referred to Marsh Canada, Brock's insurer, for further review. **Risk Management will determine the appropriate insurance policy rate based on type, size, and duration of the event. Coverage includes up to \$5 million in liability insurance.**
